

## **2022 Annual Town Census**

It is required every year that all Massachusetts residents respond to and return the Annual Town Census (not to be confused with the 2020 Federal Census).

The 2022 Annual Town Census will be arriving within the next two weeks to all households in Scituate.

It is important to know that if a resident is also a voter and does not return the census, that voter will be placed on the “Inactive” voter list and eventually deleted from the voter list. If a voter has moved they can only be deleted from the list with a signed note from the voter or a period of 2+ years.

You cannot use the census to register to vote, change a voter’s address or political party. The voter would need to fill out a new voter registration form in the Town Clerk’s office or go online to [registertovotema.com](http://registertovotema.com).

This office requests that you sign and return your census promptly which assures your name remains on the voter list for the busy 2022 election year. If you misplaced your census please send us a note indicating your name, address and who is residing at that address. Please be sure to sign and date the note.

Thank you very much.

Kathleen Gardner  
Town Clerk
